

The Dead, The Missing, And The Captured

19th Infantry Regiment

“Korea War”

1950-1953

A LIST OF THE MEN WHO DIED OR WERE MISSING

IN KOREA FROM JULY 1,1950 THROUGH DECEMBER 31.1951

COMPILED BY:

JOE SWEENEY

1998

This list was compiled from copies of Company morning reports. These reports covered the period of the initial deployment of the 19th Infantry Regiment to Korea with the 24th Infantry Division in 1950 and 1951. While this is a comprehensive list, it should not be construed to be a total and complete final listing, but is the best that could be compiled from the sources available to the compiler.

Acknowledgement

Joseph J. McKeon, Historian for the 24th Infantry Division Association, supplied information used to check and verify many of the names and data that were used in this listing. He also encouraged me to complete this task and checked the listing for accuracy. I am grateful to Joe for his help and encouragement.

Information Sources:

- 1) Initial information was taken from more than 4,000 copies of microfilmed morning reports, copied at the National Personnel Records Center in St. Louis, Missouri.
- 2) The Korean Conflict Casualty File (KCCF) was used for supplemental information. The file contains 33,642 names of men who were killed in Korea by the enemy. Compiled by the Office of the Secretary of Defense, it is available from the Electronic Records Section of the National Archives at College Park, Maryland. All names were entered into the KCCF list in 1979.
- 3) Information about POW's was taken from a listing of 19th Infantry Regiment casualties that was supplied by the 24th Infantry Division Association.
- 4) Pfc. Johnnie Johnson's list of POW's who died while they were prisoners of war was used to identify the men who died in the "Tiger Camp".
- 5) Identification of the men who were left in Korea, *alive and still in enemy hands* after the Truce was signed in 1953, came from a list used by the United Nations, and published in "Korea" "The War America Forgot TO Remember" by Tony And Esther Zdanavage.

Note:

All of the men listed here were officially assigned to these units. Some were attached at the time they became casualties, but special orders were later issued that assigned each man to the unit of attachment and he was charged as a personnel loss to the unit.

All missing men were all carried on the unit 's roster for 30 days before being dropped from the rolls and replaced. This included those missing in action and the evacuated casualties.

The accompanying lists are arranged in chronological order by morning report dates, with all of the names appearing on that morning report being listed in alphabetical order, adjacent to, or below the date.

Abbreviations used are:

K -Killed In Action
M -Missing In Action
ACD -Accidental Death
CRMC - Captured, Returned To Military Control
NBC -Non Battle Casualty
LD -Line OF Duty
DOW -Died OF Wounds
POW -Prisoner of War
Decd. -Deceased
RP -Repatriated
DOD -Date of Death as Declared by the Department Of Defense. The dates used were 12/31/53 and various dates in 1954 that coincided with the release of POW's by the Enemy.

KCCF Codes Used Are:

A1--Killed in Action.
A2--Died of Wounds.
A3--Died While Missing.
A4--Died While Captured.

The codes above are those used by the KCCF. The KCCF indicated the date of death as the effective date the man was reported to be MIA.

* Denotes those names on Johnson's "Tiger List"
Denotes those men *who were alive* and left in enemy hands.

Supplemental List of Casualties

Casualties listed below were assigned to the 19th Infantry Regiment, but initially the names were not found on the copies of the morning reports searched by the writer. Where possible, each casualty is listed under his assigned company. This was accomplished by finding evidence in the morning reports that he had been assigned to that company, or by personal identification from those who knew the casualty.

Note: RMC indicates the man was returned to military control, but doesn't necessarily mean that he had been captured.
