Dear Mrs ~~Treadway~~ *TREDWAY*

I am writing you to ask a favor, permission to use some of the pages of your late husband's excellent 24th Infantry Division web site in a 24th Infantry Division Association web site that some of our members have under development.

Norm made a major contribution to the memory of the 24th, And we would like to commemorate Norm by using some of the historical pages from his site for our Association's web site.

Each page of his that we use will contain a statement recognizing Norm for its development and for his service to the division.

We have already downloaded the information pages we would like to use so there is nothing you need to do other than granting us the permission we are requesting.

If you or your family or someone else is going to maintain that site, then we would like to ask permission to link to the appropriate pages of the site.

I sincerely hope that you are well and are in good health.

Sincerely,

~~Melvin L. Frederick~~
